ADRIATIC RACE TROPHY - p r o p e l l e r

Propeller, as it is called Regatta trophy, brings with it a series of benefits because the trophy was not just a trophy. Propeller has allegorical figure with three irregular arms, technically useless, but its elegance still gives a sense of speed. The beauty of it has hidden feminine and simply attracting while touching. Actually it represents the secret of the sea and the connection between the submarine and beyond-marine life and sailors has the only sense to close the magic circle that brings them calm and relief from all worries.
